

NASSAU COUNTY'S FREE LIFE SAVING PROGRAMS

YELLOW DOT PROGRAM

The YELLOW DOT Program was created to assist seniors following automobile accidents when they might not be able to communicate for themselves.

The YELLOW DOT Program is a cooperative effort involving the Nassau County Police Department (NCPD), the NCPD Emergency Ambulance Bureau, state and local police and local Fire Departments to assist our citizens in a time of need when they might not be able to help themselves.

VIAL OF LIFE PROGRAM

The VIAL OF LIFE Program, similar to the Yellow Dot Program, was created to assist seniors following an emergency or accident in the home when they might not be able to communicate for themselves.
